Trust Company Threatens To Tie Up Blairmore's Light Service.

The regular meeting of the Blairmore town council was held last night, the mayor and all councillors being present.

The minutes of previous meeting were on motion approved as read, and several communications were received.

The following accounts were passed subject to approval of various committees: F. E. Upton, for police uniform \$40.00.

E. Hinds, for hauling ashes and lumber for sidewalk and crossing repairs, \$10.50.

Blairmore Enterprise, for advertising and printing, \$16.65.

Sundry Accounts, \$22.25.

Alberta Government Telephone account for July \$3.50.

W. A. Beebe, rent of town office for July, \$20.00.

J. Montalbetti, \$7.35.

In connection with this latter account, the council refused to entertain charges for work not authorized by the water works committee.

Communication was received from the Trusts and Guarantees Co., Calgary, trustees for the bondholders of the Rocky Mountains Cement Co., notifying the council that they would proceed immediately to remove the light poles and wires.

At a recent meeting of the town council a motion made by Councillor Dutil to the effect that a nominal offer be made to the T. & G. Co. for the use of the Rocky Mountains Cement Co.'s pole and wire line was turned down by the council, and instead a resolution was put through advising the T. & G. Co. that the contract between the Rocky Mountains Cement

Co. and the town had expired on account of the latter company failing to carry out their part of the contract. Should the T. & G. Co. carry out their threat, it will mean a very serious matter for the people of the town who would, for a time at least, be left in darkness.

The West Canadian Collieries asked the council if the council would agree to the first two weeks register of motor being taken as a basis of charge for period between June 1st and July 31st. Christopher-Evans—That above suggestion be accepted. Carried.

The application of F. Wright for increase in salary, which was last week referred to finance committee, was reported on by Councillor Dutil, but no definite action was taken.

The License and Police Committee, to whom was referred the resignation of Chief of Police McLeod, reported that Mr. McLeod refused to continue in that office unless he received a salary of \$100 per month, independent of commissions (or drinkings). Consideration of resignation was on motion laid over until next meeting.

Considerable discussion arose over the business tax. The subject was introduced by D. C. Drin, who said he would not pay same.

Council adjourned at 10 o'clock.

The man who makes his money out of the citizens of this or any other town should spend it in the town where he has made his money. Otherwise he is a mighty poor citizen.

Accident at Bellevue**Results in Death**

A man named Steve Lisek, a native of Hungary, died at the Bellevue hospital on Wednesday morning at 5.30 as a result of injuries received at noon the day previous. Lisek was in the employ of Fred Wolstenholme and was at work moving hay.

It seems that after the hay rack had been emptied Lisek jumped up to catch the reins which became entangled in the horse's legs. Falling in this effort, he attempted to hold the bolting horses by the heads, and seeing that this was impossible he

jumped to a gate in passing, but misjudging his distance he was crushed between the gatepost and the side of the hay rack, sustaining broken ribs

and internal injuries. He was immediately removed to the hospital where he lingered until 5.30 We need y morning.

Lisek was formerly a resident of Coleman. He was a married man of fifty-five years of age, and his family are supposed to be living in the old country.

The remains were conveyed to the undertaking parlors of T. W. Davies at Coleman, where they were prepared for burial, which took place today.

Coroner Pinkney was called to Bellevue yesterday, following the man's demise, but an inquest was not necessary.

A by-law giving a water and light franchise to a company of engineers for a term of ten years was carried at Clareholm last week by a large majority.

For Summer Wear at Work and Play

Don't work in heavy, leather boots this summer. Wear "Fleet Foot" Shoes. They are honest and sturdy enough to stand the farm work.

Easy and comfortable—light—sensible—and so much cheaper than leather.

When you go out in the evening, wear "Fleet Foot" White Shoes. There are plenty of different styles and shapes, for every occasion, day as well as evening—and they are far less expensive than leather boots.

Next time you go to town, be sure to see the "Fleet Foot" Shoes for summer wear.

Setting a Good Example

Action of C.P.R. an Incentive to Everyone

Mr. Charles H. Webster, secretary of the Live Stock Section of the Winnipeg Industrial Bureau, advises that he has been informed that the C.P.R. is living up to the aims and objects of the Live Stock Section of the Bureau, have discontinued serving on any of their trains, veal, tuckling pig, young lambs and equal. The order is taking place on all their lake boats, Pacific and Atlantic steamers, B.C. lake steamers, B.C. lake steamers, C.R.R. dining cars and C.P.R. hotels.

It is needless to say that when a large corporation like the C.P.R. takes such drastic steps there should be an incentive to everyone to assist in a movement of this kind for preserving young animals, and also in increasing the live stock production of our country.

"Do you tell your husband everything?"
"No, he won't listen to me more than three or four hours at a stretch."

Aerial Progress

Remarkable Development in Aircraft in the Past Nine Years

The great progress made in the development of aircraft in the last nine years was the subject of a recent lecture in London. In 1908 the Wright brothers flew at a rate of 35 miles an hour, while at the end of last year the rate of 145 miles an hour was attained by a Sopwith monoplane. Wrights in 1908 was 712 miles; the other day a Frenchman came near flying from Verdun to Russia (584 miles). The Wrights in 1908 reached a speed of 35 miles an hour. Frenchman and an Englishman had recently ascended to over 25,000 feet. The rate of ascent in 1909, by Frenchman was 300 feet in 15 minutes an aviator in England recently ascended 10,000 feet in 15 minutes, the rate of ascent in 1910, by Frenchman was 300 feet in 15 minutes, the rate of ascent in 1910, by Frenchman was 300 feet in 15 minutes, the rate of ascent in 1910, by Frenchman was 300 feet in 15 minutes.

Minard's Liniment Used by Physicians

With the Veterans

Men of Mons Who Are Still at the Front

That a good number of the heroes of Mons are still in the firing line, and not working at the base, railway stations, supply centres, ammunition depots, repair shops, offices, hospitals and similar places, has been demonstrated fully. Writing on behalf of the Ministry of War, in France, a soldier says:

We arrived in France August, 1914, and were in the retreat from Mons. We have been in the front line, fighting battles: Le Caten, Marne, Aisne, Ypres, Giverny, Quinch, Fesbroux, Com, Somme, Arras and last, but not least, the big Vimy Ridge push. Far from being at the base, etc., we have been in trench mortars for the past twelve months, and have lately been throwing footballs with steel tails at the Boches.

Cheapest of All Oils.—Considering the curative qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

Difficult to Land Wreck
The most difficult part of flying is landing. In fact, according to high authorities in the British Flying Corps, nearly the whole art of flying lies in landing and a man who can land well under any conditions will be able to do anything else in the air on his own initiative, given a sound nerve. Nothing but experience makes it possible to land almost anywhere in a bad country with the engines stopped dead, and to drop safely to a landing place without a landing place without any indication as to the direction of the wind or the slope of the ground.

Enlarging Stock Yards

Union Stock Yards at Winnipeg to Have Increased Capacity

Directors of the Union Stock yards have decided to increase the capacity of the yards thirty per cent, and the efficiency of handling facilities forty per cent, at a cost of approximately \$100,000. The block of pens immediately behind the present covered yards will be freed, giving 115 additional covered pens to be put in off the new scale yards to facilitate the sorting and weighing of stock. At the same time the pens will be enlarged to be installed at the large pens used for shipment of range cattle.

Work on the improvement in the commerce immediately with a view to finishing by August.

WOMEN! IT IS MAGIC! LIFT ANY CORN

"Apply a few drops then lift corns or calluses off with fingers—no pain"

Just what you can lift off any corn or callus without pain or soreness.

A Cincinnati man discovered that his corns were gone and named it freezone. Any druggist will sell a tiny bottle of freezone. Like here shown, for corns, calluses, blisters, etc.

Apply a few drops directly upon a corn or callus. Instantly the soreness ceases. Then shortly you will find the corn or callus so loose that you can lift it right off.

Freezone is wonderful. It dries instantly. It doesn't cut away the corn or callus, but softens it, so that it can be lifted off without even irritating the surrounding skin.

Hard, soft or corns become so loose, as well as painful, calluses, lift right off. There is no pain before or afterwards.

"Anything" you druggist has freezone, tell him to order a small bottle for you from his wholesale drug house.

Paper Making Secrets

The Oxford Press Syndicate values its formula for making the very thin, tough paper used in the Bibles and encyclopedias at more than \$100,000.

To perfect the process required twenty-five years of hard work and the expenditure of \$1,000,000 in cash.

A secret of even greater value is the formula for making the paper employed for the Bank of England notes. This is a family possession of the Portlands of Lavenstone, to whom already in two generations it has brought an enormous fortune.

"How is your garden?"
"Doing pretty fair."

"Anything" you druggist has freezone, tell him to order a small bottle for you from his wholesale drug house.

"Yes, there was a big jug handle the day the minister called."

Boy Scout Notes

Official Recognition Is Made of Boy Scouts Uniform

Official recognition of the Boy Scouts uniform in Canada has been given through Canadian National General in the terms following: "The Boy Scouts uniform is that of a Sea Scout cap and blue-tinted badge, essentially recreative, the uniform of a public service, non-military body."

A similar recognition was granted the Boy Scouts Association of England early in the year and the Boy Scouts of America have also been recognized in their attire by incorporation by the U.S. congress.

Robert Baden-Powell, Chief Scout of the Boy Scouts of the British Empire has sent the following interesting message to Mr. Colin H. Livingston, president of the National Council, Boy Scouts of America:

The great historical step taken by the United States in coming into the war I feel that I must send you a word of greeting for the Boy Scouts' point of view.

We are already bound to the Boy Scouts of America by the tie of brotherhood in working under the same laws and the same ideal, and the same blood relationship and history.

The new bond of alliance in a common cause for justice and right will be yet a stronger link in our mutual relationship in the future.

We have done war work ever in various forms behind the scenes, not necessarily involving the taking of arms by boys under the age of military service, but as watchers over railway bridges, telegraph and cable lines.

Power works, etc., the duty of orderlies in large number for the war office, and have carried out the coast watching service ever since.

They have also been supplied in trained men, and have been in the front line of the war.

They have been in the front line of the war, and have been in the front line of the war, and have been in the front line of the war.

They have been in the front line of the war, and have been in the front line of the war, and have been in the front line of the war.

Consider the Housewife

Tracking Dirt Into the House Causes Needless Work

How often we find ourselves, in our house, especially, carrying our housewife in a "radius" of dirt. We shall not call it dirt, but we shall call it "dirt" because it is dirt. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

It is dirt that we find in our house, and it is dirt that we find in our house. It is dirt that we find in our house, and it is dirt that we find in our house.

Two Splendid Things

One is plenty of open-air exercise.

If you can't get all of that you should, it's all the more important that you should have the other—tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night; more only when you're sure it's necessary.

Carter's Little Blue Pills

Start ADVERTISING !NOW!

Stagnation of one's business is greatly to be feared and greatly to be avoided. Action—an effort to get ahead—keeps a business healthy, wealthy and wise.

Visible action is advertising in the local weekly paper—a fresh advertisement each week. The preparation and publication of a new advertisement is a sure indication of business energy.

"Start Something" is the slogan of today. Start advertising NOW. Keep up the advertising and your business will feel the tonic effect of your action.

To The Merchants of The Pass:

Make business brisk for you and your town by a big and rightly-directed effort — by a series of adequate advertisements in this paper.

Ahead By
Planning Ahead!

Bellevue Happenings

BORN—To Mr. and Mrs. William Sikoff, a son.

James Alexander was visiting friends at Fernie this week.

A. Hallworth and family spent Thursday at the Lundbreck falls.

Mr. Wright, of Macleod, is visiting his sister here, Mrs. B. Dryden.

Mrs. George Christie returned this week from Red Deer, where she had been visiting friends.

Mr. and Mrs. Joseph Robinson, after spending some time at Vancouver, returned home this week.

George Cantelino has sold his business here to M. Danish and John Stiffany, who are now in charge.

Rev. Arthur Barner, superintendent of Methodist Missions for Alberta, was down from Calgary during the week.

W. Brayley, who has been in Bellevue for some time, left this week for the Brooks district, where he has secured a job.

A number of Bellevue I.O.O.F. members journeyed to Coleman on Monday night to be present at the installation of officers of Coleman Lodge.

Mr. Williams, of the Bellevue Bakery, made a business trip to Saskatchewan this week in connection with his property which was destroyed by fire.

The little child which was attacked by a Big Dane dog last week, is still lying in a precarious condition. The dog has been shot and the head forwarded to Edmonton for analysis to decide whether or not there are symptoms of hydrophobia.

A number of Bellevue ladies gave a surprise party at the home of Mr. and Mrs. John Hutton, in honor of their son, Pte. John Hutton, who lately returned from England, where he had been in hospital for some time, suffering from wounds received in France. He was a member and went overseas with the 54th battalion from Vernon, B.C. A very enjoyable evening was spent in games and singing.

Slot Machines Are Illegal Now

As a result of a recent decision by the Supreme Court upholding a magistrate's decision to the effect that slot machines are illegal in the province, the Alberta provincial police are notifying all owners of such machines in the small towns that they are under the ban. Three Chinamen were recently prosecuted in Clearholm and were fined \$25 and cost as a result of the new ruling. In the cities the city police forces deal with the matter, and if they are allowed to operate it is in defiance of the law.

Local and General

The sale of war savings certificates in Canada has now reached \$9,000,000, being an average of \$1,200,000 a month since the certificates were first advertised.

While bathing in Seven Persons creek near Medicine Hat last week, Albert Littleford, aged sixteen, got into a hole and sank. Jack Campbell, aged twenty-seven, jumped into the river to save the lad and was also drowned.

In referring to Private Williams in our issue of last week we were slightly in error in stating that Pte. Williams enlisted at Sarcee last year. We understand that Pte. Williams joined the 13th at Medicine Hat in 1915, and has since been through some of the heaviest fighting at the front.

All the men were called out of the mines at Coleman by the authorities on Tuesday of this week to fight fires. Fire approached within about seven miles of the town and for a time looked threatening, but the presence of over four hundred men on the grounds for several days and nights seemed to have the effect of preventing a further spread in that district.

DECLINED \$7,500 SALARY TO SERVE PUBLIC FEEL

MR. JOHN G. KENT, a man of wealth and extensive business interests, who has refused to accept any remuneration whatever for his services as General Manager of the Canadian National Exhibition, preferring to serve the public free of charge. He is President of the Toronto Board of Trade and has been on the Exhibition Board since 1909, always showing a close interest in the work. He was President in 1912, the two best years in the history of the institution. Mr. Kent is head of the Boy Scouts in Toronto and is identified with many philanthropic enterprises. Long and continued illness has compelled Dr. Orr, Manager since 1905, to seek a long rest.

Cowley Happenings

Timothy cutting is general here now. The crop is light.

Miss Ailine Iredale and Mrs. Otto Iredale are visiting friends here now.

Mrs. Connor and daughter Cecil are visiting friends in the district at present.

Mr. G. Woodhead is enjoying a visit from his parents, who reside in Manitoba.

J. Lindstrom, of the Union Bank at Macleod, was up to take in the U.F.A. picnic.

Several of the locals took in the picnic at Crows' Nest on Wednesday of last week.

Mr. and Mrs. Fred Tustian are entertaining guests from Iron Springs this week.

Catching grasshoppers seems to be one of the orders of the day now, most everybody going fishing.

Master Phillips, who has been the guest at the Carney residence for the past two weeks, returned to his home in Coleman on Sunday morning.

By the way the farmers drove to the picnic in their motor car it appears that at last they have come into their own and are the aristocrats of the day.

F. W. Godsal's sale, held on Tuesday of last week, was well attended. Everything was sold. The Women's Institute served lunch on the grounds and cleared a tidy sum.

The Women's Institute will hold their next meeting on the 28th. Mrs. A. Betts, who has recently returned from England, will give paper on "Present conditions in England."

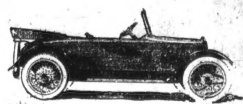

Among the Pass people who were in attendance at the U.F.A. picnic, we noticed C. W. Johnston and family, Corporal W. Howe, Miss H. Ennis, Mr. and Mrs. J. F. Lank, Rev. J. Fulton and W. J. Bartlett.

Considerable anxiety was aroused at the U.F.A. picnic on Wednesday evening of last week at the disappearance of a little child belonging to Mr. and Mrs. Dwyer. After search parties had been instituted, the little one was discovered near the road about a mile from the picnic grounds.

The U.F.A. picnic, held on Wednesday, proved an unqualified success. The attendance was the largest yet, and the weather was just ideal. The programme was

Overland

Fours

Smart—Economical

It is an ideal car for people of taste and refinement—the great sweeping success of the year.

The Overland Country Club is the smart sport model of the small car class.

Grey body, black and nickel trim, and the price includes wire wheels with one extra.

Have a look at the Country Club right away—and a demonstration.

Blairmore Hardware Co.
Agents for Crows' Nest Pass.

pulled off without a hitch and some particularly good contests were witnessed. The last item on the field programme was the baseball match between Cowley and Pincher Creek teams which was closely contested and resulted in victory for the locals with a score of 3 to 2. The teams were very well matched. Towards evening the terpsichorean artists and other were kept more than busy during the day, and were obliged to dump old boxes, paper and straw into the river in order to avoid selling them to the swarm of hungry or curious customers.

furnished by the Pincher Creek orchestra; and a joyous climax to a successful day resulted. One very noticeable feature of the day was the fact that thirty-six motor cars were on the grounds as compared with one or two at a similar picnic three years ago. The male waitresses, Messrs. Franz, Sheppard and Sheppard, at the refreshment stand, were kept more than busy during the day, and were obliged to dump old boxes, paper and straw into the river in order to avoid selling them to the swarm of hungry or curious customers.

Famous Soprano at Chautauqua

Olive McCormick Soloist With Chautauqua Orchestra

ONE of the rarest treats among the musical attractions at our Chautauqua will be Olive McCormick, noted coloratura soprano, who sings with the Chautauqua Orchestra. Miss McCormick sings the most difficult soprano roles with surprising ease. Her fame in the musical world

first became widespread with her first three triumphal engagements as soloist with the Pittsburgh Symphony Orchestra. Such artists as Olive McCormick up on the Chautauqua platform possess musical and educational values impossible to estimate.

Sheriff's Sale

PROVINCE OF ALBERTA
TO WIT:

BY VIRTUE of a Writ of Execution
issued out of the Supreme Court of Al-
berta, at the suit of

A. KULIS,

Plaintiff,

and

MAPLE LEAF COAL COMPANY,

Defendant,

and to me directed against the Lands of

Maple Leaf Coal Company, I have seized

and taken into Execution the following

lands, namely:

(1) South East quarter of Section 21,

Township 7, Range 3, West of the 5th

Meridian, containing 160 acres.

(2) North East quarter of Section 16,

Township 7, Range 3, West of the 5th

Meridian, containing 160 acres.

(3) Portions of the lands in the quar-
ter of Section 21, Township 7, Range 3,
West of the 5th Meridian, as described
in Certificate of Title H.L. 280, contain-
ing 9.0 acres, excepting mines and min-
erals.

(4) Part of Legal Sub-division 3 of
Section 21, Township 7, Range 3, West of
the 5th Meridian as described in Certifi-
cate of Title 6-3-180, containing 9.08
acres, excepting mines and minerals.

(5) Lots 1 to 10, inclusive, according to
registered plan in "Maple Leaf 4801-V,"
as described in Certificate of Title 6-3-176,
excepting mines and minerals.

(6) Lots 17 to 21, inclusive, in Block
20, according to registered plan in "Maple
Leaf 7252-A.L.," as described in Certifi-
cate of Title 6-3-172, excepting mines and
minerals.

(7) All real within, upon or under the
North West quarter of Section 16,
Township 7, Range 3, West of the 5th
Meridian as described in Certificate of
Title 6-3-177, containing 160.40 acres.

(8) All minerals other than gold or
silver, within, upon or under the West
half of Section 21, Township 7, Range 3,
West of the 5th Meridian, excepting 3.20
acres lying West of the Crown's Nest River;
8.25 acres for railway right of way; and
7.31 acres for roadway; all as de-
scribed in Certificate of Title H.S. 123,
comprising 280.63 acres, which I shall
expose for sale on THURSDAY, the 22nd
day of AUGUST, 1917, at in front of the
COURT HOUSE, MACLEOD, ALBERTA,
at the hour of 2.30 o'clock in the
afternoon.

SHERIFF'S) A. B. MACDONALD
OFFICE) sheriff

aug10 Macleod Judicial District.

NOTICE

Owing to the danger of Forest
Fire, it is necessary to prohibit
travelling or camping on the
Crown's Nest Forest Reserve,
except under permit. Such
permits will be granted without
charge by Forest Ranger J. H.
Boulton, at Coleman, or may be
secured from Provincial Police.
(Signed) R. M. BROWN,
Forest Supervisor.

Mrs. T. Murphy is up from
Lethbridge on a visit to her mother,
Mrs. W. Howe.

The grand stand on the Regina
exhibition grounds was destroyed
by fire on Wednesday, the loss be-
ing estimated at \$50,000.

Rather severe frost was expe-
rienced throughout The Pass on
Monday night, and we noticed that
several parties arrived at the op-
portunity to go to the Crown's Nest lake
to get a skate on.

The French chamber of deputies
by a unanimous vote adopted the
bill which had already passed the
senate, providing that the state
shall assume the position of legal
guardian of all French war or-
phanes. It is estimated that this
act will cost the state one billion
francs a year.

Residents of Big Sag, west of
Sweet Grass, are somewhat alarmed
at the gradual sinking of about 80
acres of a ranch one mile from the
Lonsdale post office. The ground
has settled from eight to fourteen
feet, and left straight walls at
several points, smooth and per-
pendicular as though cut by a
knife. In a number of places
there are cracks several feet wide
to a depth of ten or twelve feet.

OF LOCAL AND GENERAL INTEREST

"Frankness From Frank" will
appear on Tuesday next.

W. A. Behe returned from Wey-
burn on Wednesday morning.

Up to July 1st, the aggregate of
enlistments in Canada was 823,
558.

Mrs. Cairns, of Medicine Hat, is
visiting with Mrs. W. Howe for
a few days.

The Justicia, a new British levia-
than of 32,234 tons, has crossed
the Atlantic.

The value of the annual produc-
tion from Canadian mines has
grown from \$10,000,000 to \$137,
000,000 in forty years.

One of Blaimore's councillors,
who is noted only for his self
esteem, was heard singing in his
sleep the other night, "Oh, could
I speak my matches worth."

A convention of auto owners will
be held at the Palliser hotel, Cal-
gary, on Thursday, August 2nd.
We have not yet heard what de-
putation is being sent from The
Pass.

The American steamer Kansas
was sunk by a submarine recently
off the coast of France. Four of
the crew of 50 are missing. The
vessel and cargo were valued at
\$5,000,000.

Eight hundred officers and men
of the Canadian expeditionary
forces and about one thousand
Canadian women and children from
England were landed at Halifax
on Sunday last.

Official messages from London
report that seventy-five Newfound-
land soldiers previously reported
missing, and the families of whom
had gone into black garb on that
account, are prisoners of war at
Limburg, Germany.

The Secretary-Treasurer of the
Town of Blaimore has received his
supply of stationery from the
foreign printing house, and we
notice that no appeal has been
made to that foreign house for
taxes. We are taxed because we
own property in Blaimore, we are
taxed because we carry on busi-
ness in Blaimore, we are taxed
because Blaimore's water system
must be supported and the bond-
holders must be kept away from
the gates of the town, we are taxed
because our main public institu-
tion—the school—must be main-
tained, and the most ridiculous of
all is we are taxed to pay a bill
from a foreign house for material
that could have been had for a
smaller figure at home.

A fine of fifty pounds imposed
on a man who fed bread to his
pigs, and a fine of twenty pounds
imposed on a woman bakery man-
ager who permitted twelve loaves
of bread to be wasted, are striking
evidences that Great Britain is
deadly in earnest about food con-
servation and waste. Every Cana-
dian should assist to the utmost by
using food that cannot be ex-
ported. A little study of the fam-
ily menu will show both rich and
poor ways in which the nation can
be helped to solve its most diffi-
cult war problem.

A teacher in the Frank school
was giving a lesson in mathemat-
ics and English combined.

"A fathom," she said, "is a natu-
ral word used in defining dis-
tance. It means six feet. Now I
want some little girl to give me a
sentence using the word fathom."

Instantly a hand shot up in the
rear of the room.

"Well, Mary, you may give your
sentence."

Mary stood up proudly.

"Bartlett is a fathom, because he
has six feet."

Mrs. Roland Crawford and chil-
dren, of Lethbridge, are visiting
relatives in Blaimore.

It's a man's nature to crave
power and if he can't bully a man
or a dog he gets married.

One way of becoming a woman's
delight: A girl married a man
named Darling at Calgary this
week.

Mrs. E. Smith, of Calgary, is
spending a few weeks with her
husband at the Cosmopolitan
hotel.

In making a goose Dame Nature
required a lot of quills, but a man
can make a goose of himself with
only one quill.

The Dunkirkers who were found
guilty of burning Peter Veregin's
house at Vergin, Sask., have been
let off on suspended sentence.

Dr. DeMartigny intends to
purchase a Chevrolet car with the
price he hopes to realize for his
famous 1898-model quadruped.

G. Gzowski, of the West Cana-
dian Collieries Co., left for a busi-
ness trip to Spokane and other
points on Wednesday morning.

Eighty workmen were killed by
an explosion at No. 6 mine of the
Dominion Coal Company at New
Waterford, C.B., on Wednesday.

Mr. and Mrs. McKinnon, of
Lethbridge, were visiting Mrs. Mc-
Kinnon's parents, Mr. and Mrs.
James Patterson, this week.

C.P.R. freight handlers at Cal-
gary quit work three times on
Wednesday, and threaten to go on
strike if alien enemies are em-
ployed.

Mike Rose has moved his re-
freshment parlors to the old drug-
store building, and the store next
the present Blaimore Pharmacy is
being converted into a pool room.

Eight persons were killed and
a number injured in a Hun air raid
on the east English coast on Sat-
urday morning last. One plane
was brought down by the British
anti-aircraft guns.

The municipal council of Paris
has fixed a super tax on automob-
iles of 42 percent of the sum paid
for the machines, and automob-
ilists are allowed eight gallons of
gasoline a week at \$1.20 per gal-
lon.

In Japan's eleven shipbuilding
yards there are 189 steamers, each
exceeding 1,000 tons, now build-
ing or on which work will soon be be-
gun. The government grants a
subsidy for each steamer. The
combined tonnage represents 948,
034 tons.

An American army of 1,000,000
men for service abroad at once,
instead of the 500,000 contemplated
for the first draft, is fore-shadowed
by the U.S. government's request
for an additional \$5,000,000,000,
made to the senate finance com-
mittee on Tuesday.

Did Thomas, the clerical elen-
gic superior in the store of F.M.
Thompson Co., is the latest in-
stant into the distinguished Order
of Watloons. Del left for the
South Fork yesterday and will be
a prominent figure along the banks
of that river for a week or so, or
until the Blaimore lovers of fish
meat shall want no more.

A deputation from Blaimore
Local Union, consisting of S. Jen-
sen, A. McDonald, P. Christophers
and O. Lagace, waited upon the
local committee of the Patriotic
Fund on Wednesday night, asking
for the U.M.W. of A. to be given
proportionate representation. After
a little discussion it was decided
that the request be granted.

It costs seven cents to get your
hair cut in Japan. Here is a
chance for a good mail order busi-
ness.

Meodmes Stubbs and Kitridge
returned to Lethbridge this week,
after several weeks stay in Blaim-
ore.

In every town where the Chau-
taqua has been held in Alberta
the people have gladly signed up
for another year.

A railway engine ran amuck in
the C.P.R. yards at Winnipeg on
Monday, killing three men and in-
juring the fourth.

The members of Crow's Nest Pass
Masonic Lodges will hold their an-
nual picnic at Crow's Nest Lake on
Wednesday, August the 8th.

H. Stubbs, contractor, was up-
pon from Lethbridge over Sunday on
a visit to his wife and children,
who are summering in Blaimore.

The office of the Raymond Lead-
er was burned to the ground on
Thursday afternoon of last week.
The fire is thought to have had an
unknown origin.

J. F. Hunter, of the local cus-
tomers office, and Alex. McFegan,
secretary of the Blaimore Local Union,
have been under the weather for
several days.

W. M. Campbell, crown prose-
cutor, was up from Macleod on
Wednesday, in the interest of cer-
tain criminal cases resulting from
the Wesley excursion day fete at
Crow's Nest.

William McGowan, a miner, was
drowned in the river near Leth-
bridge on Saturday night. He
was walking along the river's edge
and slipped in, being drowned be-
fore help could reach him.

A rumor was being circulated in
town this week to the effect that
Blaimore was to have a new week-
ly paper, to be financed by Joseph
Little and others and to be edited
by Councillor O. Lagace.

A soldier and a civilian won the
reputation of being the most plucky
individuals in the audience at the
opera house on Tuesday night.
They actually gathered up courage
to kiss a male impersonator of a
young lady.

Mr. and Mrs. T. Madden, of
Lethbridge, accompanied by R.
Steeves and Gordon Steeves, of
Calgary, and Mrs. Bayne of Bey-
non, paid Blaimore a visit by auto
on Wednesday and were guests at
the Cosmopolitan.

The Fernie Free Press says that
there is a steady stream of miners
coming back to the local mines,
and it will not be long before con-
ditions will be normal again. When
men can make six or seven dollars
a day in the mines, other occupa-
tions do not appeal to them.

At the instance of Lieut.-Col.
J. S. Dennis, two German waiters
were removed from the luncheon
in New York where Lord North-
cliffe and the Canadian Highland-
ers and Gordon McLean parties
were the guests. The management
of the hotel complied with the de-
mand.

The rumor circulated through
The Pass last week end, to the
effect that the McLaren's lumber
Co. mill at Crow's Nest had been
destroyed by fire, was incorrect,
for the properties of the McLaren
Lumber Co. were not even endan-
gered. Fire crept up to the base of
Crow's Nest Mountain and wiped
out a quantity of tangled brush
there, but the change of wind on
Friday night carried the consum-
ing elements in a northerly
direction, and no damage to any
extent was done the McLaren
property.

Rev. W. F. Gold, of Edmonton,
occupied the pulpit of Central Un-
ion church on Sunday morning
last.

Dad Crane got no sleep this
week. Roosters in his neighbor-
hood kept continually hollering
"Chautauqua!"

Alberta College North has amal-
gamated with Alberta College
South, Edmonton, and will both
be managed by one board.

J. R. Gillis and J. B. Harmer
will attend the South and North
Alberta Patriotic Fund convention
at Calgary on Thursday next.

G. Marinara, of the Lethbridge
Macaroni factory, has secured a
\$500,000 contract for macaroni
from the British government.

Overall for women have not
shown up in Lethbridge, but if
some of the skirts continue shrink-
ing they will certainly appear be-
fore long.

The board of grain commis-
sioners for Canada have set the
date for August 1st, 1917, the
maximum price of wheat shall not
exceed \$2.40 per bushel.

Joyce Brown, of Rock Creek, near
Fernie, lost \$15,000 worth of lum-
ber in a bush fire on Thursday of
last week. The east Kootenay
mill also lost a large quantity of
logs the same day.

Well, this is strange: Imme-
diately following the establishment
of a weekly newspaper in one of
the rural districts of Alberta, seven
births occurred in one week. It
takes the newspaper to stir them
up!

Several towns in Alberta have
been put on the Chautauqua list
this summer. Among them have
been Lethbridge, Wetaskiwin, Har-
disty and Camrose, and others are
said to be arranging. It is an
innovation in western Canada, but
seems to have taken well. The
program has been largely musical,
but there has also been some
speaking and lecturing. In most
of the places, at any rate, the en-
tertainments have been offered at
reasonable prices. A six-day ticket
at \$2.50 ought to give value for
value, and the scheme has, in fact,
been very well received.

**Slicing Off Your Nose
To Spite Your Face.**
There are people in some towns,
who send their orders for printing to
distant points, just to spite an editor.
In the end there is little profit in
slicing off your nose to spite your
face. It more harmony and gives
the devil a chance to play havoc with
the soul.

The Blaimore Enterprise says that
the council of Blaimore sends its job
printing out of town, and that the
council is trying to get even with it
for advising the city date to quit
using profane language when in ses-
sion. Blaimore is in keeping with
many other little people in little
towns. An outspoken editor is
always hampered by the nonentities
who have a little power in affairs
of church, state and society. The
narrow minded delights in petty persecu-
tion.—R. T. Lowery in the Green-
wood Ledger.

**Red Cross Shipment
From Frank**

The following shipment was made
by the Frank Red Cross to the Cen-
tral Depot at Calgary on July 21st:
12 Stamer Coats
3 pairs Operating Socks
3 pairs Bed Socks
24 Kid Bags
24 Pillow Slips
75 Hotwater-bottle Bags
18 Shirts
90 Handkerchiefs
5 Towels.

Remember the big Blaimore
Chautauqua dates—August 10,
11, 12, 13, 14, 15 and 16. Six days
programmes for \$2.50.

Over 21,000 Canadian soldiers in
England received dental treatment
during May.

Sometimes we run across a man
who is such a poor hunter that he
can't even find fault.

Large numbers of tourists passed
west and west through The Pass on
Sunday and Monday last.

Mrs. Thael and little Ted, and
Miss Stitt, of Lethbridge, are
spending a holiday in Blaimore.

Lloyd George says that peace
will never be made with Hun-
dred Germany is dominated by
an autocracy.
